

Purpose

To ensure the school community understands our school's approach to first aid for students. All children have the right to feel safe and well at school and know that they will be attended to with due care when in need of first aid. Watsonia North has procedures for supporting student health for students with identified health needs. This policy is to be read in conjunction with our school's *Care Arrangements for Ill Students Policy*.

Aims

- To administer first aid to children in need, in a competent and timely manner.
- To communicate children's health problems to parents when considered necessary.
- To provide supplies and facilities to cater for the administering of first aid.
- To provide designated First Aid Officers/staff whose responsibility is to administer first aid.
- To maintain a sufficient ratio of staff members trained with a Level 2 first aid certificate.

Scope

First aid for anaphylaxis and asthma is provided for in our school's:

- Anaphylaxis Policy
- Asthma Policy

Guidelines

Parents/carers are primarily responsible for the health and wellbeing of their children. From time to time Watsonia North Primary School staff might need to administer first aid to students at school or school activities.

Parents/carers should be aware that the goal of first aid is not to diagnose or treat a condition.

It is the responsibility of parents/carers to:

- provide relevant health care information to the school
- liaise with health professionals to provide care plans which create minimum disruption to learning programs
- assist students for whom they are responsible to self-manage, as much as is safe and practical, their health and personal care needs (*See Appendix A: Management of Students with Health Care Needs*).

Staffing

The Principal will ensure that Watsonia North Primary School has sufficient staff with the appropriate levels of first aid training to meet the first aid needs of the school community.

Watsonia North Primary School's trained first aid officers are:

- Cheryl Campher
- Rebecca Caruana
- Despina Diamandis

In addition to the above staff, there are several others who have attained Level 2 First Aid qualifications. These staff members are listed annually in the school's Emergency Management Plan.

Implementation

- Students who are unwell should not attend school. If a student becomes unwell during the school day they may be directed to the First Aid room and monitored by staff. Depending on the nature of their symptoms, staff may contact parents/carers or an emergency contact person to ask them to collect the student.
- Watsonia North PS has procedures for supporting student health for students with identified health needs (see Appendix A) and will provide a basic first aid response to ill or injured students due to unforeseen circumstances and requiring emergency assistance.
- A school first aid officer will be employed from the hours of 10:30 to 2:30 pm during school days. In the absence of the first aid officer, supervision of the first aid room will form part of the yard duty roster (arrangements for wet/hot weather conditions).
- A sufficient number of staff (including at least 1 administration staff member) to be trained to a level 2 first aid certificate, with up-to-date CPR qualifications.
- Regular training of staff will be provided to ensure all qualifications are kept updated.
- The first aid room will be available for use at all times. First Aid Officers will be on duty between 8.45am and 3.45pm daily.
- A comprehensive supply of basic first aid materials will be stored in the first aid room. It will be the responsibility of the First Aid Officer to maintain these supplies.
- Watsonia North will maintain a major first aid kit which will be stored in the general office. At least 4 portable first aid kits will also be maintained which can be used for excursions.
- All staff will be provided with basic first aid management skills, including blood spills, and a supply of protective disposable gloves will be available for use by staff.
- Minor injuries only will be treated by staff members on duty, while more serious injuries - including those requiring parents to be notified or suspected treatment by a doctor - require a level 2 first aid trained staff member to provide first aid.
- Any children in the first aid room will be supervised/cared for by the First Aid Officer.
- An up-to-date log book, located in the first aid room, will be kept of all injuries or illnesses experienced by children who require first aid. (See Accidents and Incidents Register).
- Any children with injuries involving blood must have the wound covered at all times.
- No medication including headache tablets will be administered to children without the express written permission of parents or guardians.
- Any injuries to a child's head, face, neck or back will be reported to parents/guardian by personal contact or a completed form indicating the nature of the injury, any treatment given, and the name of the teacher providing the first aid.

Implementation *(continued)*

- Any student who is collected from school by parents/guardians as a result of an ***injury***, or who is administered treatment by a doctor/hospital or ambulance officer as a result of an injury, or has an injury to the head, face, neck or back, or where a teacher considers the injury to be greater than "minor" will be:
 - recorded on CASES 21
 - reported to the Department's Security Services Unit on 03 9859 6266
- Parents who collect children from school for any reason (other than emergency) must sign the child out of the school in a register maintained in the school office.
- In a medical emergency, staff may take emergency action and do not need to obtain parent/carer consent to do so. Staff may contact Triple Zero '000' for emergency medical service at any time.
- If the situation and time permit, a teacher may confer with others before deciding on an appropriate course of action.
- Staff may also contact NURSE-ON-CALL (1300 60 60 24) in an emergency. NURSE-ON-CALL provides immediate, expert health advice from a registered nurse and is available 24 hours a day, 7 days a week.
- All school camps will have at least 1 Level 2 first aid trained staff member at all times.
- A comprehensive first aid kit will accompany all excursions and camps, along with a mobile phone.
- All children attending camps or excursions will have provided a signed medical form (via Compass) providing medical detail and giving teachers permission to contact a doctor or ambulance should instances arise where their child requires treatment.
- All children, especially those with a documented asthma management plan, will have access to Ventolin and a spacer at all times.
- The First Aid Coordinator is to be responsible for the purchase and maintenance of first aid supplies, first aid kits, ice packs and the general upkeep of the first aid room.
- At the commencement of each year, requests for updated first aid information will be sent home including requests for any anaphylaxis and asthma management plans, high priority medical forms, and reminders to parents of the policies and practices used by the school to manage first aid, illnesses and medications throughout the year.
- General organisational matters relating to first aid will be communicated to staff at the beginning of each year. Revisions of recommended procedures for administering asthma medication/auto-injectors will also be given at that time.

Evaluation and Review

Evaluation of the *Frist Aid Policy* will occur as stipulated in the *Watsonia North PS Policy Review Cycle* document.

This policy was updated in September 2018 and is to be reviewed in 2022.

Appendix A : Managing Students with Special Health Needs

Any information provided to the school on the enrolment form or separately, will be taken into account when planning the care of a student. Where students have a health care need identified after enrolment, the following steps will be followed.

When a need is identified

Parents/carers are required to provide accurate information about a student's routine health and personal care support needs, and emergency care needs, for example:

- predictable emergency first aid associated with an allergic reaction, seizure management, anaphylaxis, or diabetes routine supervision for health care safety, such as supervision of medication
- personal care, including assistance with personal hygiene, continence care, eating and drinking, transfers and positioning, and use of health-related equipment

Parents/carers and students will be informed when their information is being collected, about how their personal information will be used, and to whom it might be disclosed. For example, the school nurse, who will require access to relevant student information in order to provide appropriate services. Please refer to WNPS Privacy Policy.

Medical advice is required from the student's medical/health practitioner if there is an indication that a student has a health care need. The medical advice received must provide relevant information about the student's medical condition and document recommended emergency and routine health and personal care support for the student. Ideally medical advice should be sought via the completion of a relevant Medical Advice Form.

For any student requiring medication while at school, the school must receive written directions ideally from the student's medical/health practitioner. This can be done via the completion of a Medication Authority Form (Green Form) or ASCIA Action Plan for anaphylaxis or School Asthma Action Plan for asthma (see Victorian Government Schools Reference Guide 4.5.3.1).

Information about the student's health condition as well as medication to be stored and supervised at school should be loaded in Cases21 and Compass Databases.

The development of a Student Health Support Plan (see Victorian Government Schools Reference Guide 4.5.3.1) (or in the case of Anaphylaxis an Anaphylaxis Management Plan (see 4.5.10.2)) will occur after the school has received the appropriate medical advice from the student's medical/health practitioner. If there is a time delay between receiving this advice and in the development of a Student Health Support Plan, the school may decide to put in place an interim support plan outlining an agreed interim strategy, e.g. call an ambulance immediately.

Plans should be developed when a student is to attend school excursions and camps. The parent/carer should complete a Confidential Medical Information for School Council Approved School Excursion.

The planning process

The Assistant Principal will organise a meeting to negotiate the development of a Student Health Support Plan with the student's parents/carers and other relevant school staff. This Support Plan should be guided by the medical advice received by the student's medical/health practitioner.

A range of questions may be asked in planning support. For example:

- Is it necessary to provide the support during the school day?
- How can the recommended support be provided in the simplest manner, with minimal interruption to the education and care program?

- Who should provide the support?
- Is this support complex and/or invasive?
- Is there staff training required?
- Are there any facilities issues that need to be addressed?
- How can the support be provided in a way that respects dignity, privacy, comfort and safety and enhances learning?
- Are there any care and learning plans that should be completed for students with personal care support?

Monitoring and review

A date for when medical advice received by the student's medical/health practitioner is to be reviewed (generally within twelve months) will be set.

Student Health Support Plans or in the case of Anaphylaxis an Anaphylaxis Management Plan, will be annually reviewed in light of the updated information received by the student's medical/health practitioner. Student Health Support Plans will be reviewed earlier if the school or the student's parents/carers have concerns or if there is any change in the support.

It may be agreed that an annual review of the Student Health Support Plan may not require updated medical advice. It is up to the Principal's discretion to request updated medical advice for a student.

Appendix B: First Aid Kit

Consistent with the Department's First Aid Policy and Procedures the school will maintain a First Aid Kit that includes the following items:

- an up-to-date first aid book – examples include:
 - First aid: Responding to Emergencies, Australian Red Cross
 - Australian First Aid, St John Ambulance Australia (current edition)
 - Staying Alive, St John Ambulance Australia, (current edition)
- wound cleaning equipment
 - gauze swabs: 100 of 7.5 cm x 7.5 cm divided into small individual packets of five
 - sterile saline ampoules: 12 x 15 ml and 12 x 30 ml
 - disposable towels for cleaning dirt from skin surrounding a wound
- wound dressing equipment
 - sterile, non-adhesive dressings, individually packed: eight 5 cm x 5 cm, four 7.5 cm x 7.5 cm, four 10 cm x 10 cm for larger wounds
 - combine pads: twelve 10 cm x 10 cm for bleeding wounds
 - non-allergenic plain adhesive strips, without antiseptic on the dressing, for smaller cuts and grazes
 - steri-strips for holding deep cuts together in preparation for stitching
 - non-allergenic paper type tape, width 2.5 cm–5 cm, for attaching dressings
 - conforming bandages for attaching dressings in the absence of tape or in the case of extremely sensitive skin
 - six sterile eye pads, individually packed
- bandages
 - four triangular bandages, for slings, pads for bleeding or attaching dressings, splints, etc
 - conforming bandages: two of 2.5 cm, two of 5 cm, six of 7.5 cm and two of 10 cm – these may be used to hold dressings in place or for support in the case of soft tissue injuries
- lotions and ointments
 - cuts and abrasions should be cleaned initially under running water followed by deeper and more serious wounds being cleaned with sterile saline prior to dressing. Antiseptics are not recommended
 - any sun screen, with a sun protection factor of approximately 15+
 - single use sterile saline ampoules for the irrigation of eyes
 - creams and lotions, other than those in aqueous or gel form, are not recommended in the first aid treatment of wounds or burns
 - asthma equipment (which should be in all major portable kits, camping kits, sports kits, etc)
 - blue reliever puffer (e.g. Ventolin) that is in date
 - spacer device
 - alcohol wipes

Other equipment includes:

- single use gloves – these are essential for all kits and should be available for teachers to carry with them, particularly while on yard duty
- blood spill kits
- vomit spill kits
- one medicine measure for use with prescribed medications
- disposable cups
- one pair of scissors (medium size)
- disposable splinter probes and a sharps container for waste
- disposable tweezers
- one teaspoon
- disposable hand towels
- pen-like torch, to measure eye-pupil reaction

- two gel packs, kept in the refrigerator, for sprains, strains and bruises or disposable ice packs for portable kits
- adhesive sanitary pads, as a backup for personal supplies
- flexible 'sam' splints for fractured limbs (in case of ambulance delay)
- additional 7.5 m conforming bandages and safety pins to attach splints
- blanket and sheet, including a thermal accident blanket for portable kits
- germicidal soap and nail brush for hand-cleaning only
- one box of paper tissues
- paper towel for wiping up blood spills in conjunction with blood spill kit
- single use plastic rubbish bags that can be sealed, for used swabs and a separate waste disposal bin suitable for taking biohazard waste (note: Biohazard waste should be burnt and there are several companies that will handle bulk biohazard waste)
- ice cream containers or emesis bags for vomit
